Sam Adams® Brewery Creates Specialty Beer Available Only at Bella Luna

By TuBoston.com

(Greater Boston, MA) – Bella Luna Restaurant & Milky Way Lounge and their neighbors at their new location, Sam Adams® Brewery, have collaborated to create a brew exclusively for Bella Luna; The Sam Adams® Sun Ray Ale. Beer enthusiasts can agree that this unique full flavored brew will remind you of the full bodied, wheat-based beers that Sam Adams® is known for.

Inspired by the German style of unfiltered wheat beer, the Sam Adams® Sun Ray Ale is a crisp combination of wheat and coriander, with a tangy twist of orange. With such a distinctive combination, the beer has a sweet, crisp, citrus flavor, leaving a smooth finish. Now, not only can you heat up by catching rays, but you can cool off by drinking them!

This chilled 16oz pint of Sam Adams® Sun Ray Ale (\$5.00) is only available at Bella Luna Restaurant and the Milky Way

Lounge. For more information please call 671.524.3740 or visit www.bellalunajp.com.
